

Cookie Policy

This Cookie Policy explains how **siemoto.me** uses cookies and similar technologies.

1. What are cookies?

Cookies are small text files stored on your device when you visit a website.

They help the website function properly and support essential website features.

2. Cookies we use

We use only **essential WordPress and WooCommerce cookies** that are necessary for the operation of the website.

These cookies may be used, for example, to:

- maintain your session;
- remember cart contents during the checkout process;
- support login or account functionality, if used;
- enable basic website security and technical operation.

These cookies are required for the proper functioning of the website and its core features.

3. Cookies we do not use

We do not use:

- advertising cookies;
- remarketing cookies;
- social media advertising cookies;
- direct marketing cookies.

We also do not currently use website analytics cookies through the website.

4. Managing cookies

You can control or disable cookies through your browser settings.

However, disabling essential cookies may prevent the website, cart, checkout or other core functions from operating properly.

5. Consent

Because we use only cookies that are necessary for the operation of the website, such cookies may be used without separate optional consent where this is permitted by applicable law.

If the website later begins to use non-essential cookies, this Cookie Policy and the relevant cookie notice or settings will be updated accordingly.

6. Contact

If you have questions about cookies or personal data processing, please contact us at:
