

DELIVERY & TRANSPORT TARIFFS

Effective from: 1 March 2026

This page explains the separately ordered scooter delivery service offered by **SKRYNNIK IMPORT & EXPORT DOO (SI&E)** for scooters purchased through the official website.

Scooters are made available to the Buyer at the Seller's **local pickup / handover location in Đenovići, Herceg Novi, Montenegro.**

Pickup at the local pickup / handover location is free of charge and available by prior appointment.

A scooter delivery service is available only as an **optional separately ordered and separately paid service** under these Delivery & Transport Tariffs.

1. PICKUP IN ĐENOVIĆI

The Buyer may collect the scooter directly at the Seller's **local pickup / handover location in Đenovići, Herceg Novi, Montenegro**, free of charge.

Pickup is available **by prior appointment only.**

2. SEPARATELY ORDERED SCOOTER DELIVERY SERVICE

If separately ordered by the Buyer, SI&E may provide scooter delivery to selected locations in Montenegro.

A scooter delivery service is **not included** in the scooter sale by default and is **not part of the standard scooter handover structure**, which remains the Seller's local pickup / handover location in Đenovići, Herceg Novi, Montenegro.

Any scooter delivery service is provided only as a **separately ordered and separately paid service** under these Delivery & Transport Tariffs. It constitutes a **separate service arrangement** and does not by itself alter the contractual structure of the scooter sale.

The scooter sale price and the scooter delivery service price are stated **separately**. The scooter and the scooter delivery service may therefore be subject to **separate payment documents and separate final Invoices**, in accordance with the Seller's invoicing process.

Mandatory consumer protection rules on delivery, handover and transfer of risk remain fully applicable.

3. DELIVERY TARIFFS BY ZONE

- **Zone 0 – Đenovići pickup: EUR 0**
- **Zone 1 – Herceg Novi area: EUR 50**
- **Zone 2 – Central Boka Bay: EUR 70**
- **Zone 3 – Budva: EUR 90**
- **Zone 4 – Bar / South Coast: EUR 140**

4. OTHER LOCATIONS

Delivery to locations outside the listed tariff zones may be possible **on request.**

For such locations, the delivery charge is calculated individually and confirmed **before order confirmation.**

5. ORDER PROCESS AND DELIVERY TIMING

The Buyer places an order for the scooter through the website.

If the order is accepted, the Seller sends an **Order Confirmation** on a durable medium and issues a **Pro Forma Invoice** for the scooter.

The scooter is made available to the Buyer at the Seller's **local pickup / handover location in Đenovići, Herceg Novi, Montenegro**, unless the Buyer separately orders a scooter delivery service.

If the Buyer wishes to use scooter delivery, that service is arranged **separately** as an additional paid service under these Delivery & Transport Tariffs. Where applicable, the Seller issues a **separate Pro Forma Invoice** for the scooter delivery service.

Scooter delivery is arranged only after full payment confirmation of the relevant amounts and confirmation of the delivery address, selected tariff zone and delivery details.

Delivery timing is agreed individually after order acceptance and payment confirmation. In normal circumstances, delivery is usually scheduled within **3–5 business days**, depending on zone, appointment availability and operational schedule.

The final **Invoice** for the scooter is issued to the Buyer only after **payment and/or fiscalisation**, in accordance with the Seller's invoicing process.

Where a separately ordered scooter delivery service is provided, the final **Invoice** for that service may be issued **separately**, after **payment and/or fiscalisation**, in accordance with the Seller's invoicing process.

6. PAYMENT CONDITION FOR SCOOTER DELIVERY SERVICE

Unless otherwise expressly agreed in writing, full payment for the scooter must be completed **in advance**, on the basis of the issued **Pro Forma Invoice**, prior to handover.

If the Buyer separately orders a scooter delivery service, full payment for that service must also be completed **in advance**, on the basis of the issued **Pro Forma Invoice**, prior to performance of the delivery service.

7. DELIVERY CONDITIONS

The scooter delivery service is performed using a cargo vehicle suitable for scooter transport.

The delivery fee covers:

- transport of one scooter to the agreed delivery address within the selected zone;
- loading, securing and transport of the scooter;
- unloading at a location suitable for safe access and unloading.

Delivery is performed only to locations accessible by public roads and suitable for safe unloading.

If access to the delivery location is restricted, unsafe, or unsuitable for unloading, SI&E may propose the nearest suitable delivery point.

8. IMPORTANT NOTES

- Scooter delivery is **optional** and **charged separately**, unless expressly stated otherwise.
- The Buyer may always choose **free pickup in Đenovići** instead of paid delivery.
- Delivery charges apply **per scooter**, unless otherwise expressly agreed in writing.
- Delivery outside the published tariff zones is handled individually on request.

- Return transport of a scooter in case of lawful withdrawal from the scooter sales contract is governed separately by the Seller's **Right of Withdrawal (14 Days)** information and related withdrawal documents.
- SI&E reserves the right to confirm the final delivery arrangement before dispatch.

9. CONTACT

For delivery questions or special delivery requests, please contact SI&E through the official website **Contact / Support** section or by using the Seller's published contact details.
