

PAYMENT & INVOICING

All prices on **siemoto.me** are stated in **EUR**.

Unless otherwise expressly agreed in writing, payment must be made **in full in advance**, prior to handover, delivery or shipment, as applicable.

Accepted Payment Method

Bank transfer (virman)

Bank transfer is the primary and standard payment method for orders placed through the website.

Payment details are provided by the Seller after acceptance of the order.

A **Pro Forma Invoice** is issued before payment.

Important Notes

Orders are accepted and confirmed by the Seller in accordance with the **Sales Terms**.

Unless otherwise expressly agreed in writing, full payment must be completed before handover, delivery or shipment, as applicable.

A **Pro Forma Invoice** is issued before payment.

The final **Invoice** is issued only after **payment and/or fiscalisation**, in accordance with the Seller's invoicing process.

Scooters

For scooters, full payment must be completed prior to handover.

Scooters are made available to the Buyer for collection at the Seller's **designated local pickup / handover location in Đenovići, Herceg Novi, Montenegro**.

For the scooter sale, the Seller issues a **Pro Forma Invoice for the scooter** before payment.

The final **Invoice for the scooter** is issued only after **payment and/or fiscalisation**.

Any separately ordered scooter delivery service is provided as a **separate paid service** under the Seller's applicable delivery terms and does not by itself alter the contractual structure of the sale. Mandatory consumer protection rules remain fully applicable.

Where the Buyer separately orders a scooter delivery service, that service is **separately priced, separately ordered and separately paid**. Where applicable, the Seller may issue a **separate Pro Forma Invoice** and a **separate final Invoice** for the scooter delivery service.

Where the Buyer separately contracts the optional **3rd-year warranty for engine and electronics**, that warranty is **priced separately** and shown as a **separate line item** in the Seller's payment and invoicing documentation.

Accessories, Spare Parts and Consumables

Accessories, spare parts, consumables and other non-scooter goods are sold with **Free Shipping within Montenegro**, unless explicitly stated otherwise for a specific product.

Where applicable, shipping costs are already included in the displayed product price and are not charged separately.

Invoicing

Any **Invoice** issued by the Seller forms part of the contractual documentation, but does not by itself replace the **Sales Terms**, the **Order Confirmation**, or the **Contract as a whole**.

The final **Invoice** may be issued together with the **Order Confirmation** or separately, depending on the nature of the transaction and the applicable invoicing process.

Where applicable, separate goods and separate services may be subject to **separate payment documents and separate final Invoices**.

Assistance

For payment details or assistance, please contact the Seller in advance via the **Contact / Support** section.
